

APPS FOR ITALIAN – LANGUAGES

Some of the children have been enjoying accessing “Languages Online”.

<http://www.education.vic.gov.au/languagesonline/italian/italian.htm>. There are activities, songs, print outs and games for many of the topics already learnt at school.

Below are apps I have quickly looked at which would be suitable for young children to help learn Italian.

- | | | | |
|--|---|---|---|
